

**“ Brass Products  
Exporter & Manufacturer ”**

## About Us

**Welcome to the onex export the overall business pioneer since 2 years.**

**Manufacturer & Supplier of a wide range of Brass Products.**

OneX Export is a company bounded only by our capabilities, not by specific industries or product lines. MIPL constantly seek to grow our existing businesses, and build or acquire assets or businesses throughout the world that will allow us to create the greatest value.

**COMPANY EXECUTIVE**

**Mr.Mihir Sanghani**

**CONNECT WITH US**

**[info@onexexport.com](mailto:info@onexexport.com)**

**MAIN BUSINESS SCOPE**

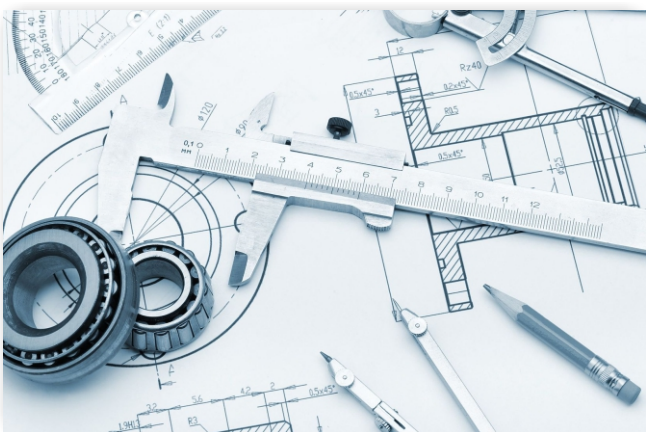

Manufacturer & Exporter of a wide range of Brass Products.

We follow strict rules in procuring raw material to meet our customer's quality requirement. We source it from approved suppliers who match our quality standards.

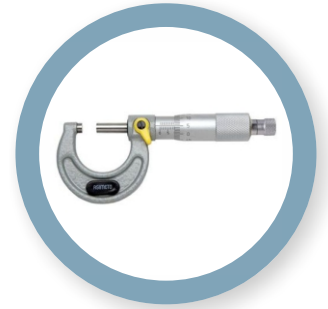

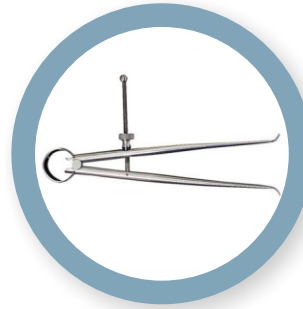

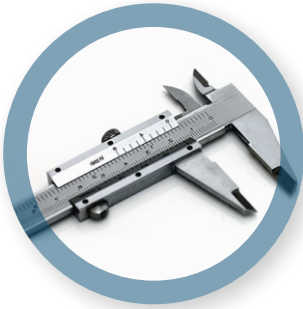

We can manufacture from any customer specified brass alloy.

## Design & Development

**We have in-house design and development team, which can provide samples as per customer specification.**

Quality Assurance is popularly known as QA Testing; it is defined as an activity & Assurance. We at Onex Export ensure by providing the best possible product / service to customers. We focus on improving the processes to deliver Quality Products to our valued customer.

Quality assurance has a defined cycle called PDCA cycle or Deming cycle. The phases of this cycle are: Plan, Do, Check & Act.

- Onex Export plans and establish the process related objectives and determine the processes that are required to deliver a high-Quality end product.
- Development and testing of Processes and also “do” changes in the processes.
- Monitoring of processes, modify the processes, and check whether it meets the predetermined objectives.
- Implement actions that are necessary to achieve improvements in the processes.

Onex Export, use Quality Assurance to ensure that the product is designed and implemented with correct procedures. This helps reduce problems and errors, in the final product. Our aim of Quality control is to check whether the products meet the specifications and requirements of the customer, which evaluates people on their quality level skill sets and imparts training and certifications. Onex Export helps provide “perfect” service to our valued customers globally, we manufacture the parts as per European standards.

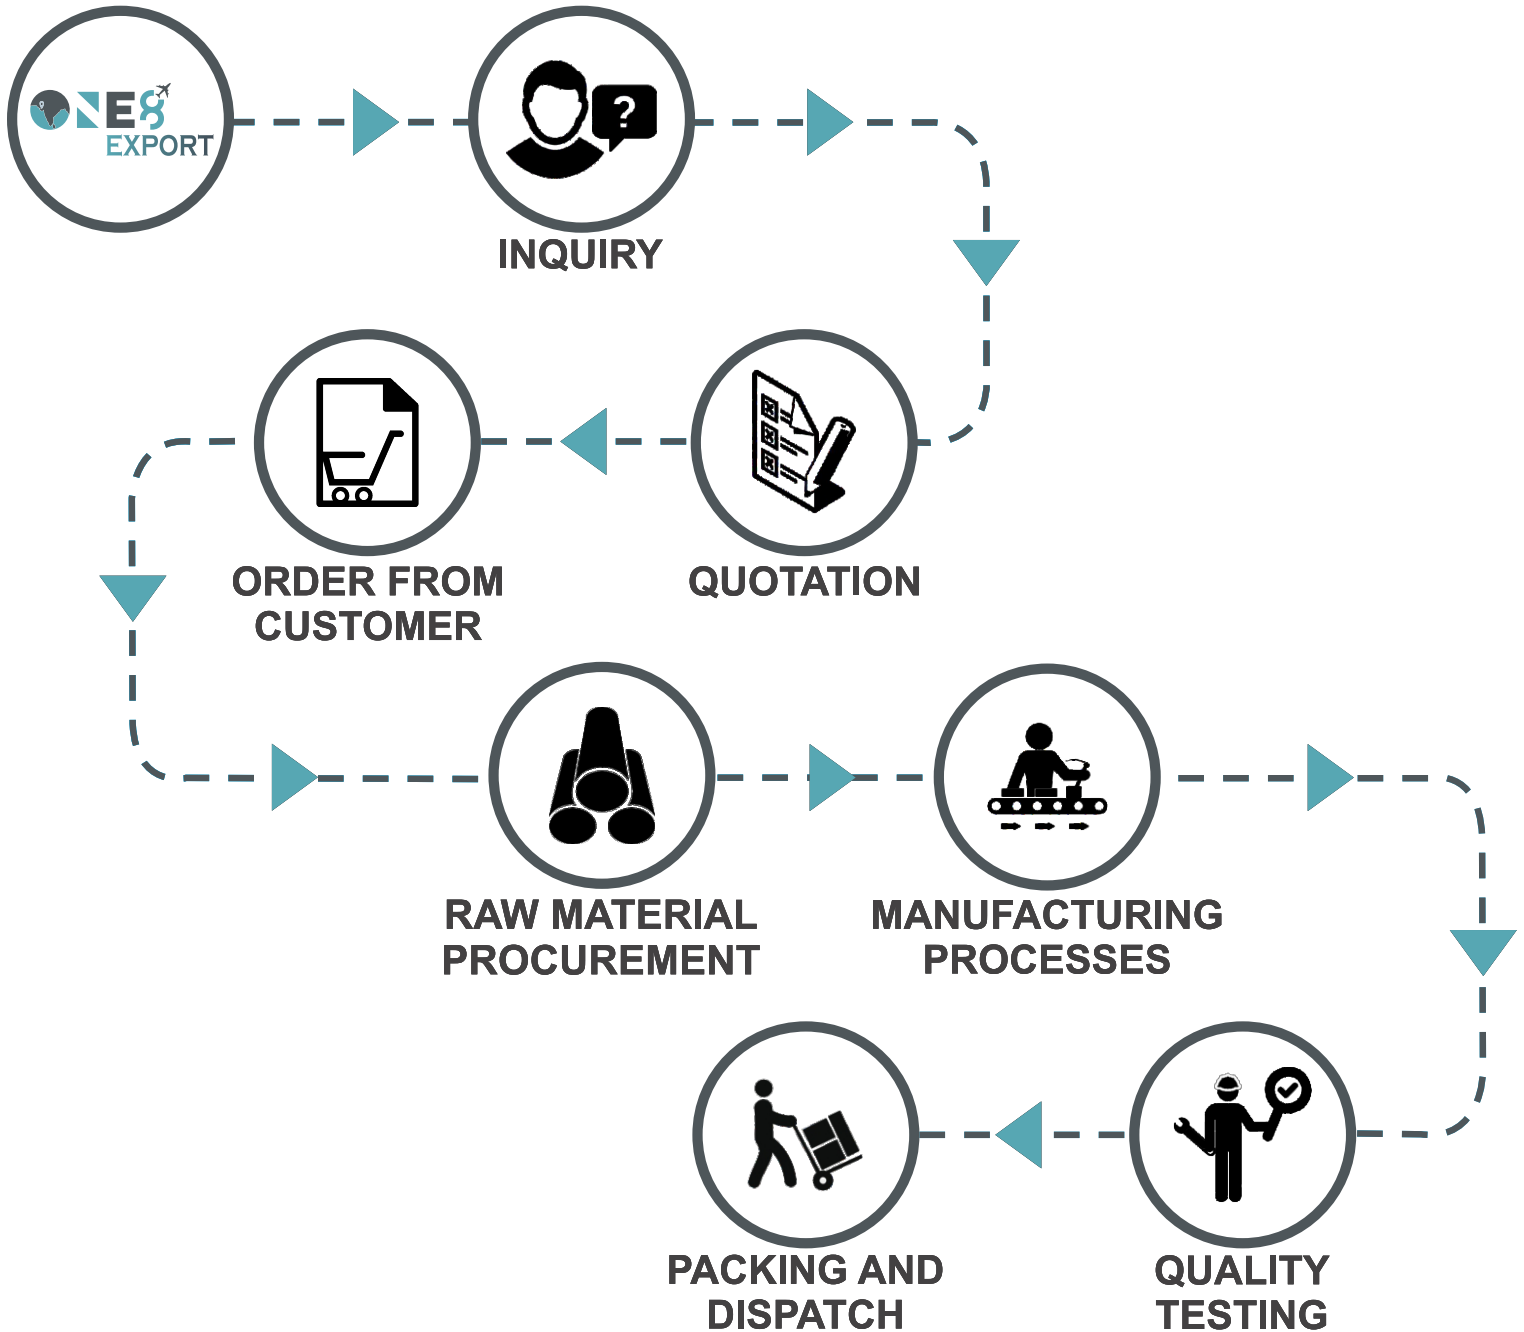

All parts are **PACKED** in plastic bags then into small boxes. Small boxes are placed in bigger cartons.

Cartons are further stacked in fumigated wooden pallets.

We provide Standard Packaging as per European standard.

We can also provide customised packaging as per customer request. Which will cost extra.
